

Vendor Information for Virtual Bark in the Park 2021

We are excited to launch Bark in the Park 2021 virtually again this year and wanted to invite your business to be a part of the fun! We learned a lot of things that worked and did not work last year so we have made some changes in an attempt to simplify the event while still celebrating and fundraising for the animals with our amazing animal-loving community.

Bark (or Meow) in the Park 2021 is a virtual event for people and their pets of all types. Participants who register will receive a Bark in the Park 2021 participation box that will include a Greenhill gaiter, an event sticker, and swag from any of our sponsors or vendors. Participants will also receive weekly emails with helpful and fun tips for connecting with their pets, such as training tips, fun activities, and helpful advice. Participants can also share their activities on-line and engage with Greenhill's social media base.

For \$150 your business will be highlighted in one of our emails that will go out to our Bark Registrants, get the chance to add a promotional object in the Bark in the Park Box that will go out to all registrants, as well as interact with Greenhill via social media. We encourage our vendors to interact with Greenhill's multiple social media platforms by posting photos along with text or images demonstrating a connection with animals with the idea that we will share with our followers. The goal here is to stay mission-focused while celebrating businesses that support Greenhill's efforts in the community.

If you are interested in moving forward with being a vendor or if you have any questions about this fun virtual event that starts in early March and will run through May 16th please reach out to Megan Brezovar at Megan@green-hill.org or 541.689.1503 ext 134.
